Weaning \$ are calculated by the Angus Assoc.: Relative extra values of calves if sold at weaning

Heifer bulls- Calving Ease scores predict better than BW EPDs .

PAP scores – if grazing above 8000 feet, it is best if PAP scores are below 45

About Our Program

- We do not creep-feed calves. Period! We harvest low-cost grass.
- We select for high weaning weight, low to moderate birth weight, and moderate milk (too much milk requires too much feed to breed back early).
- We performance test the bulls in standardized, high-roughage feeding trials and cull again.
- Angus carcasses are tender, readily grade choice, and Angus-sired feeder calves bring a premium. In 2023, 98 “cull-mate” steers to our sale bulls were fed; 85.6% graded Choice and 13.6% Prime (99% Choice + Prime)!
- Bulls have been selected on pedigree, conformation, weaning weight, yearling weight, and semen quality, and pedigrees are clean for confirmed-carrier status of curly calf, fawn calf, DD, and hydrocephalus. (AM, NH, CA, OS are not registerable by AAA policy). All bulls genomic tested; EPDs are genomically enhanced.
- All calves sired by these bulls will be polled; all bulls are PAP tested.

About EPDs (expected progeny differences)

EPDs are no substitute for evaluation of animals for structural soundness or for the reputation of the seller. However, EPDs are the best scientific measure of how an animal’s progeny will perform, and often, the single most useful tool for improving cattle. EPDs incorporate information on adjusted weights and are up to 9 times more accurate than ratios.

National Angus EPDs (lbs) (non-parent bulls)		Birth weight	Calving ease	Weaning weight	Maternal milk	Yearling weight	\$ Weaned calves
Top	10%	-1.7	13	85	34	149	80
	30%	0.2	9	72	29	127	68
Average	50%	1.1	6	64	26	114	61
	70%	2.0	4	57	23	101	54
Bottom	90%	2.5	0	47	19	83	43

Note: Even a 5 lb EPD Angus birth weight produces a smaller calf relative to the average of nearly any other beef breed.

Terms and Conditions

We will follow the guidelines of the American Angus Association for terms and conditions of sales. All animals are guaranteed to be structurally sound and healthy at the time of the sale, and are guaranteed breeders.

- Free delivery within 100 miles
- 5% discount with purchase of 3 or more head
- First come, first served

Breeding Season Guarantee

If any bull should become injured or is otherwise unable to breed cattle prior to September 1, 2024, we will exchange the bull for a similar one. Should a bull die before September 1, 2024 we will give a \$500 credit for purchase of another bull from us, if purchased before April 1, 2025. There are no guarantees for events after September 1, 2024.
